

III Membership

Approved For Release 2000/09/14 : CIA-RDP85G00105R000100090021-2

Members will be selected from industry, educational institutions, and the military departments, and will normally be requested to serve for a period of three years. To assure continuity, some members of the first group selected will be requested to serve for less than three years so that there will be no complete change over of Panel members in any one year. No member will be requested to serve more than three years, but of course may be reappointed if desired. Each member will be requested to participate as an individual and none will be considered as a representative of any element of the Intelligence Community. In addition to the regular membership, a few individuals may be requested to serve on an ad hoc basis by mutual consent of the Panel Chairman and the DCI. The following individuals are recommended for appointment to the Panel for periods indicated:

Following your suggestion, we will invite two additional candidates to serve as consultants to the Panel with the thought that they would eventually become actual members when other's terms are up.
